A screenshot of a Zynga game interface. At the top, there's a Zynga logo and a player ID '344,096' with 'playing now' status. Below that are icons for various games like 'Hidden Shadows', 'Farm Heroes', 'Farm Heroes Heroes', 'Farm Heroes Heroes', 'Farm Heroes Heroes', and 'Farm Heroes Heroes'. The main game area shows a character in a field with a horse and a speech bubble saying 'It's me...'. A modal window titled 'Make a Purchase' is overlaid on the game. The modal shows an order total of \$2.16 USD and a list of steps: 1. Learn about Bitcoin, 2. Choose your wallet, 3. Get Bitcoins, 4. Complete your Bitcoin purchase. Below the steps is a warning: 'Your version of Chrome may not be compatible with the "Pay with Bitcoin" button below. To continue, right click on the button and select "Open Link In New Window".' The modal also displays '0.0027 BTC' and a QR code. A button labeled 'Pay with Bitcoin' is visible. At the bottom of the modal, there's a disclaimer: 'Bitcoin is a virtual currency that is not insured nor backed by any government, bank, commodity, other form of money or anything else of tangible value. Exchange rates displayed are provided by BitPay and may fluctuate. Purchases made with Bitcoin may take longer to appear in your Zynga account because of payment verification processes. ALL PURCHASES ARE FINAL AND NON-REFUNDABLE. Zynga may stop accepting Bitcoin as a form of payment at any time.' The modal footer includes 'Terms of Service | Privacy Policy' and 'Zynga Secure Payment' with a lock icon. The game interface at the bottom shows several 'Add Friend' buttons and character avatars.
